

Asia - Pacific Scientific Workshop

Co-organized by NHMRC, HRC, NIAID, and AMED

4th and 5th of March, 2019, Singapore

• Goals

- To facilitate collaboration and initiating proposal development (e.g., 2019 e-ASIA JRP call)
- To pursue multilateral collaborations on topics of mutual interest

• Theme and Scope

- **CANCER** – with a focus on cancer prevention, data-sharing; rare cancers, and strategies to prevent cancers that are prevalent among populations in the Asia-Pacific region
- **INFECTIOUS DISEASE** – emphasizing the importance of antimicrobial resistance in infectious disease management in the Asia-Pacific region.

• Participants

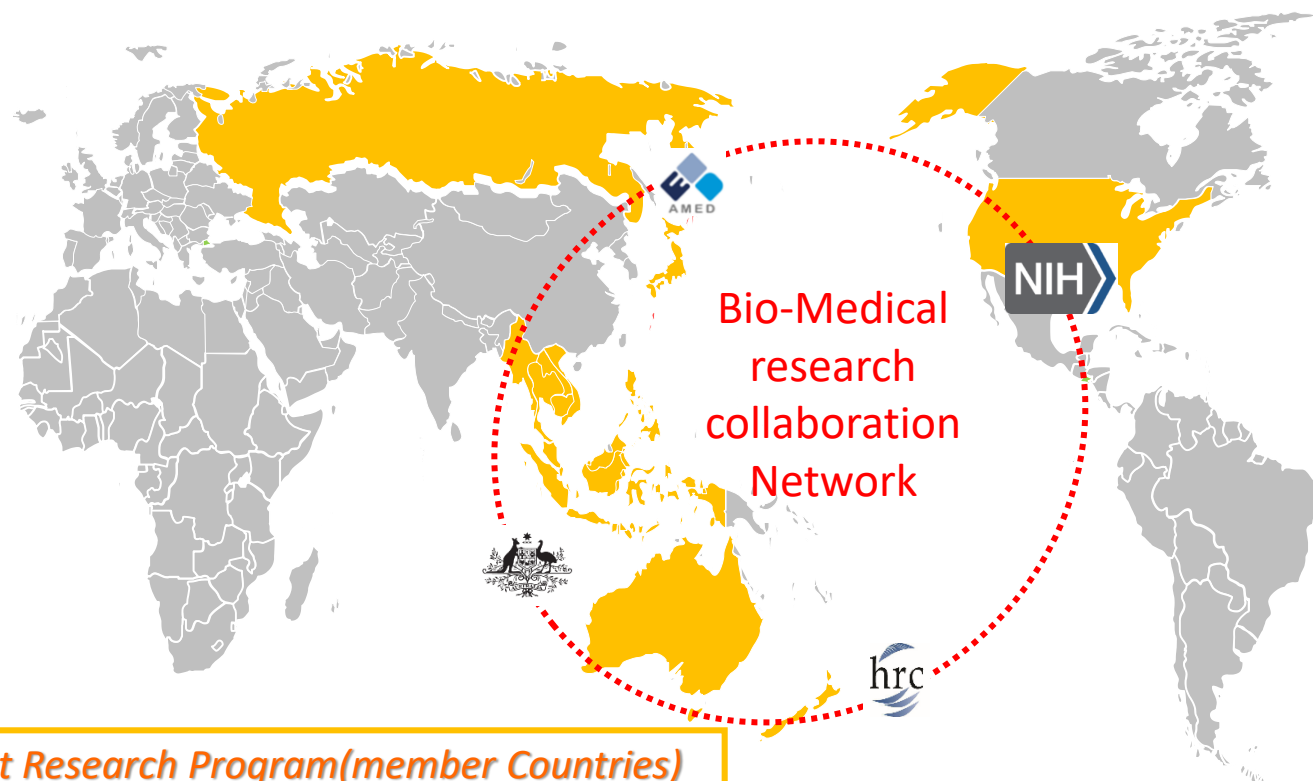

- About 50 scientists from Australia, New Zealand, the United States, Japan, and e-ASIA ASEAN member countries (Cambodia, Thailand, Philippines, Indonesia, Laos, Singapore)

• Topics

- **JOINT SESSION**– Liver Flukes and Cholangiocarcinoma
- **INFECTIOUS DISEASE** – Overview, Resistance Mechanism, Therapeutics and Diagnostics, Vaccines
- **CANCER** – Research Priorities of Cancer Prevention, Cervical Cancer Prevention, Rare Cancer, and PDX, 3D Culture Model and Tumor Biology

Fostering Bio-Medical research collaboration in ASIA-Pacific region
